

Pupil Premium Grant (PPG) received

£5280

Summary of PPG spending 2016/17

In our school we used this funding to:

- Provide additional hours for a teaching assistant to deliver FFT Wave 3 intervention programme and Dyslexia Outreach follow up work.
- Provide TA hours to deliver ongoing Speech and Language support activities.

Summary of spending:

- £2640—towards additional teaching assistant hours to deliver Dyslexia Outreach work, Speech and Language Programmes and FFT Wave 3 intervention programme.

Impact of spending:

- The pupil receiving the FFT Wave 3 intervention programme has made significant progress. He now has a reading age that is in line with age related expectations.
- Speech and language support is ongoing but significant progress is being made.
- Interventions being delivered to pupils that include alphabet arc work, precision teaching exercises, phonic games and daily reading have seen an increase in reading ages meaning that these pupils now have a reading age in line with their chronological age.

Summary of PPG proposed spending 2017/18

- Provide TA hours to deliver a bespoke Speech and Language programme to one pupil and to carry out FFT and Precision Teaching interventions to a further five pupils.
- The impact of this additional 1:1 support will be measured by pupils' reading and maths ages being increased to being in line or above chronological age.
- Next Strategy Review Meeting: April 2018
